STRUCTURE FIRE UNDER INVESTIGATION

(Palm Bay)--The Fire Marshal's Office is investigating a residential structure fire that occurred at approximately 330 am Saturday at 2878 Hessey Ave. NE. The single family wood frame home is a total loss valued at approximately \$40,000. There were no injuries. At approximately 330 am Saturday firefighters responded to the location after emergency dispatchers received 911 calls from a neighbor who reported several loud explosions and saw a flames coming from the home. When firefighters arrived the structure was fully involved. Firefighters also dealt with live ammunition inside the structure being triggered by the fire. According to witnesses the homeowner was out of town and a friend was tasked with watching the property. The cause and origin of the fire is undetermined and remains under investigation with assistance from the State Fire Marshal's Office.
