

# Training and pre-planning at the new Holiday Inn

[www.hiexpress.com](http://www.hiexpress.com)

Fire personnel arrive for training and pre-planning at the new Holiday Inn behind Palm Bay Ford.

Timing the walk up the stairway, carrying necessary equipment.

Yes, it is heavy and awkward while decked out in their gear...

...that's why they train, train, train.

Pulling up the hose...

...measuring to see how much would be needed ...

...for entry  
into each room  
on each floor.

*WE.....ARE.....*
