

Kitchen Fire - Sablon Street

9-9-09

Wood frame house; fire contained to the kitchen. Medium smoke damage throughout the home.

The teenaged occupant had called her mom to let her know she was home safely from school. She stepped out of the kitchen for a minute, still talking to her mom, after placing a pan with cooking oil on the stove to warm up to cook some french fries. She smelled something burning and went back to the kitchen to find the pot burning; within seconds the fire moved to the cabinets over the stove. She got out of the house without any injuries.

Fire is ruled accidental.

WE.....ARE.....
