

Goodbye, Captain Berner!

PBFR 1982 - 2007

Captain George Berner began his career with Palm Bay Fire Rescue in November of 1980. He quickly rose through the ranks, becoming one of the first paramedics and EMS Directors.

Captain Berner was instrumental in soliciting funds to acquire Rescue 84, the first of its type in the Department.

Captain Berner has mentored a great number of probationary firefighters throughout the years, and are now serving the community with skill and pride.

We will miss his booming voice !
